**Wyatt Whitlow** was 17 years old when he received his private pilot certification. He trained with Flight Instructor Brian Mooney at Savannah Aviation – St. Simons Island Airport to earn his Private Pilot Single Engine Landing certification.

The Glynn County Airport Commission would like to congratulate Whitlow and Parks as we welcome them into the aviation family.

## Spotlight on: Christ Flight

**Christ Flight Ministries** offers team mission trip opportunities to the Bahamas, Costa Rica, Georgia, and Florida. The Whitlow family lives to share the hope and love of Jesus Christ by ministering practically through aviation and business. Christ Flight uses planes to produce disciples first, and pilots second. They guide teens in high school through their aviation program and prepare them to face real world challenges.

"They absorb everything which is really good," Damon Whitlow said, the visionary behind Christ Flight. Whitlow spotlighted Dwight Bell for starting the Teen program called Wings of Grace and its new Pilot program. "It's very easy to apply aviation and biblical principles to decision making. They are learning practical knowledge and how to do community service and the goal is that they get their pilot's license at no cost." Whitlow and other mentors meet with teens on Tuesday nights for ground school, mentorship and devotion. Two Saturdays a month are dedicated to service and vocational education. Christ Flight began with 14 teens and the program is expanding. Meet the Whitlow Family and Christ Flight pilot mentors at Aviation Career Day!
