- D. Southeast Apron Sealcoat Project Award of Contract – St. Simons Island Airport**

The program includes a Base Bid (Bid Schedule A), and an Additive Bid Schedule (Additive Bid Schedule 01) based on program funding administered through GDOT. The scope of work the Base Bid will extend the life of asphaltic airfield pavements through a comprehensive maintenance program as recommended by FAA guidance. This will extend pavement life by routing, cleaning, and sealing cracks and joints, and apply P-608R seal coat. The program will also include relocation of approximately 550' of airport service roadway. Work will include restoration of disturbed areas and marking of a vehicle access lane across the apron.

Additive Bid Schedule 01 may be awarded at the discretion of the Commission, subject to available funding. This schedule will extend asphalt taxiway pavement life by routing, cleaning, and sealing cracks and joints, and applying P-608R seal coat. Taxiway pavements will be remarked to complete the crack sealing and seal coat.

This project anticipates FAA AIP funding support distributed via GDOT Block Grant authorization as a FY 25 project.

Recommendation: Award contract to JJ Cunningham, LLC of Shavertown Pennsylvania for both Base Bid Schedule A and the Additive Bid Schedule 01 for a total award amount not to exceed \$432,920 and authorize the Executive Director to execute all necessary documentation, subject to timely receipt of grant funding and legal review.
